Hospital Recovery Insurance – WORKSITE with Observation Coverage

Affordable insurance to assist in your recovery

Your medical plan provides benefits to help with medical costs resulting from an inpatient hospitalization or treatment in an observation unit. Once you leave the hospital, you shouldn't have to worry about financial setbacks that you didn't expect during your recovery. Things like lost wages plus the cost for help with transportation, meals, child care, or even housekeeping can all add up. Hospital Recovery Insurance provides cash benefits for covered services regardless of any other insurance you have.

By pairing it with your medical plan, you can extend your protection to help with those unexpected costs so you can focus on your recovery.

Standard Features

Eligible Issue Ages: 18 through 85 (In NC: 18-64). This policy is guaranteed renewable for life.

Daily Benefit Amount:

- **\$200** (no medical questions or build chart)
- Or, choose an amount between **\$210** and **\$900**, in \$10 increments, with simplified underwriting

The Daily Benefit Amount represents the amount payable to you for each day you or a covered family member is confined to a hospital as an inpatient – up to 35 days per calendar year, which includes up to 4 days for treatment in an observation unit. The Daily Benefit Amount is per covered family member.

Annual Benefit Bank Amount: (In GA: Maximum Annual Benefit Amount)

The Annual Benefit Bank is the total dollar amount available to you and your covered family members per calendar year, and is equal to your Daily Benefit Amount multiplied by 35. The Annual Benefit Bank Amount is per covered family member. On Jan. 1 of each year, the Annual Benefit Bank will replenish to its full amount.

For example, a \$500 Daily Benefit Amount would give you and each covered family member Annual Benefit Banks of \$17,500.

| | | | | |
|----------------------|---|--------------|---|---------------------|
| Daily Benefit Amount | X | Maximum Days | = | Annual Benefit Bank |
